Doc series trapping systems

## Current Best Practice Feral Cat Kill Trapping System 3

Department of  
Conservation  
*Te Papa Atawhai*

This Department of Conservation 'current best practice' set design, must be used with Timms traps.

This set is designed to exclude non target species, guide target species and provide public safety.

The Timms trap has passed\* draft NAWAC (National Animal Welfare Advisory Committee) standards as a humane kill trap for feral cats.

These setting instructions must be followed to meet these standards.

### Step one

Thread bait onto trap trigger up to and past bent step, as shown in diagram.

### Step two

Place baited trap upon platform and secure with attachment screws.

### Step three

Set trap.

\* Effectiveness of Timms traps for killing feral cats (wgncr-63176)

## Trap Purchase/ Information

Department of  
Conservation
